Project Information

Person completing work:	
Address:	
Legal Description:	
General use of Sewer:	

*A detailed plat indicating location of proposed connection must be attached to this application.

*Information regarding proposed use must include detail regarding expected volume and character of discharge. For residential uses this should include number of fixtures, maximum total occupancy, and any discharge untypical of residential use (human and food waste). For industrial and commercial use this should include maximum rates of discharge and contents of any industrial waste produced or expected to be produced by the facility.

*I acknowledge that I have read this application, and I agree to comply with all City Ordinances, State and Federal Laws regulating municipal water use and connection. I also further acknowledge my responsibility for this project until final approval by the City.
